**The Slice of Tap** is a revolutionary new product that allows dancers of all ages to practice the art of tap dancing outside of the studio. The custom Patent-Pending design and technology was carefully crafted with the assistance of a master tap choreographer to provide a great sounding, extremely durable and highly effective portable tap surface for all levels of dancers.

**The Slice of Tap** includes a custom dance studio logo and quote. Additional decals such as Name, Group and Dancer Silhouette are available for further personalized customization. A built-in custom handle and ultra thin design make for convenient, lightweight portability and storage.

*"The idea for the **Slice of Tap** originated from my daughter's desire to practice tap dancing at home. Unfortunately, our carpet, wood and cement floors were not suitable surfaces. This gave me the idea to develop a surface for home practice use. I hope your dancers enjoy this as much as mine do."*

~ Mike Pettijohn - Founder/CEO
